

Port-A-Prep Table Install Instructions

TWNS-05

Materials Needed:

- Painters tape
- Alcohol for cleaning
- Philips Screwdriver
- Level

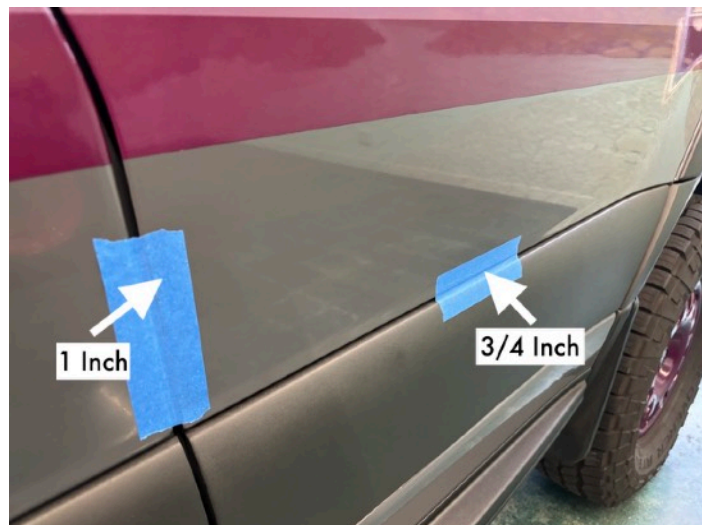

****The Port-A-Prep table is designed to fit / attach to any flat painted surface.**

Installation Steps:

- **Step 1:** Park van on level surface.
- **Step 2: Test Fit**
 - Test fit the aluminum bar by holding it against the surface you plan to mount it.
- **Step 3: Choose the Right Spot**
 - Ensure the surface is flat.
 - These instructions are for installation on a passenger side door (Sprinter).
 - Position the bracket a minimum of 3/4 inch above the plastic trim and 1 inch to the right of the door's edge. (see picture for more detail)
 - Mark the location on your vehicle using painters tape.

Kit Contents:

- Port-a-Prep Bamboo Table
- Adjustable Table Leg
- Mounting bar
- Carrying bag
- Two(2) table hinges
- Four(4) Stainless M6 x 1 Screws
- One(1) spare table hinge

- **Step 4: Clean**
 - Clean painted surface with alcohol and microfiber towel.
- **Step 5: Apply 3M VHB Tape (ensure ambient temp is at least 60F, if not use heat gun to warm surface)**
 - Peel backing from 3M VHB tape.
 - Ensure that your level is on top of the bracket to confirm a level surface.
 - Touch the left corner of the bracket adhesive to the door and pivot the bracket into the door.
 - **Note: Once VHB makes contact you cannot remove or reposition.**
 - Apply 25 lbs of force evenly over the surface.
 - ***3M VHB tape reaches full bond in 24 hours, please allow a full cure before placing anything on the table.**
- **Step 6: Attach Hinges to the Table**
 - Using supplied screws attach the hinges onto the underside of the table. (Same side that has the leg support)
- **Step 7: Install the Table**
 - Insert the table horizontally into the bracket at a 30 degree angle.

- Swing table to horizontal position.
- Adjust table leg height to achieve a level table surface.
- Twist leg into rubber socket.
- Push down on table to secure leg into table/ground.(adjust as needed)

Congratulations! Your Port-o-Prep Table is now securely installed and ready for use. If you have any questions or concerns during the installation process, please refer to the provided illustration or contact our customer support for assistance. Enjoy your Port-o-Prep Table!
